- X3 WATCH

<http://www.x3watch.com>

This is a FREE downloadable accountability program helping with online integrity. It is offered at no charge by the ministry of XXXchurch.com and its supporters. Whenever you browse the Internet and access a site which may contain questionable material, the program will save the site name on your computer. Approximately every 30 days or 2 weeks (depending on your preference), a person of your choice (an accountability partner) will receive an email containing all possible questionable sites you may have visited within the month. This information is meant to encourage open and honest conversation between friends and help us all be more accountable. This report only goes to your chosen accountability partners and is not stored or used by XXXchurch or any other organization.
